

Introducing... DAC Edge™ dispensing tools for all your lens mounting and adjusting needs.

DAC Edge™ offers you a vast array of high-quality tools designed to facilitate specific tasks and ease of their use. Our assortment includes:

- Adjusting pliers
- Chain/Snipe Nose Pliers
- Cutting Pliers
- Eyewire, Temple, Bridge and Flaring Pliers
- Lens Pliers
- Nose Pad Adjusting Pliers
- Rimless Pliers and Tools
- Deblockers
- Drivers
- And more!

The tools are available in different handle materials providing different grip, comfort and sensitivity. The materials are foam, enhanced steel and vinyl. The handles also come in several styles fitting every hand size and budget.

Plastic pads are made out of Delrin®, a very strong plastic that outlasts nylon and doesn't scratch the surfaces. Replacing these pads is easy too. Just slide them into position.

Ask us about our new tools and we'll find the right ones for your needs.
